## Introduction

The Haiti Reconstruction Fund (HRF) is a partnership between the international community and the Government of Haiti to help finance post-earthquake reconstruction. The Latin America and Caribbean Region of the World Bank acts as the HRF Secretariat; and the Development Finance Vice-Presidency acts as the Trustee for a Financial Intermediary Fund (FIF) in support of the HRF. The HRF mobilizes, coordinates and allocates contributions from bilateral and other donors to finance high-priority projects, programs and budget support. Proponents partner with the Inter-American Development Bank (IDB), the United Nations (UN) or the World Bank (WB and IFC) to ensure that international standards for quality, good governance and financial management are met.

The Trustee provides administrative and financial services to the HRF Steering Committee and donors, by receiving contributions from donors to the FIF, investing liquid assets pending cash transfer, and transferring funds to the HRF Partner Entities. Working closely with the HRF Secretariat, the Trustee also records funding decisions made by the Steering Committee.

The Trustee periodically provides to the Donors and the Steering Committee reports on the financial status of the Trust Fund.<sup>1</sup> The information contained in this report is prepared based on financial information as of March 31, 2017.

### 3. Asset Mix and Investment Income

#### ASSET MIX

Funds held in trust by the World Bank (as the Trustee) are maintained in a commingled investment portfolio (the “Pool”) for all trust funds administered by the World Bank. On July 1, 2015, the World Bank formally adopted the Conditional Value-at-Risk (CVaR) measure as the risk constraint in the management of trust funds. Funds are managed such that the expected maximum loss, as measured by the CVaR, at the portfolio’s investment horizon, is not to exceed 1% with 99% confidence.

#### INVESTMENT RETURNS

The HRF funds are invested in cash portfolio of the World Bank’s Trust Fund investment pool. This portfolio comprises bank deposits and investments in money market instruments with an investment horizon of less than 3 months. The HRF Trust Fund liquid portfolio (which totaled approximately USD 21.67 million at March 31, 2017) earned USD 2.29 million in investment income since inception. In addition, the investment income of USD 1.00 million received from the partner entities UNDP and IDB.
